Belmont Housing Trust –HPP Event Subcommittee

Minutes for the Jan. 17, 2023 Meeting

Present: *Subcommittee members: Gloria Leipzig, Judie Feins, Mark Kagan*

Guests: *Alisa Gardner-Todreas and Stefanie Peterson, MetroWest Collaborative Development; Julie Perkins, League of Women Voters*

The meeting was called to order at 4:30PM. The subcommittee's mandate is to bring off a public meeting in early February, to gather input on sites and opportunities and to build support for future housing creation in Belmont. The discussion, continued from the first meeting on Jan. 4, focused on five topics.

Format: We will hold a hybrid event at the Beech St. Center. A similar in-person event for the 2018 HPP was valuable in shaping that document. Gabe Distler, Belmont Staff Planner, was in touch with Beech St. staff and worked out the final date.

Timing: The event is now set for January 31 from 7-8:30 PM; Beech St. Center availability has been confirmed.

Materials: We will need a flyer, a PowerPoint presentation, and boards for the in-person meeting component. MAPC has already provided the maps and access to the drone photos for making up the boards and parts of the presentation.

Assistance obtained: a) We have gotten support from Metro West CD for making the event happen (which can be done within their current resources). They will help in-person and online with eliciting feedback from attendees, as well as doing production on the display boards. b) Members of the "advisory" HPP subcommittee will help publicize the event and also assist in person and online.

Assignments: Gloria has arranged for the space and is working on the tech logistics. Mark has developed an outreach flyer draft; there was feedback, and a final version will be produced once we have the Zoom link. Judie showed a draft of the presentation, and will have a revised draft for the next meeting.

To get this done, we have already arranged the Zoom licenses and Town Clerk postings for the rest of the subcommittee meetings. We will post the public event as a Housing Trust meeting as soon as the Zoom link is available.

The meeting adjourned at 5:25 PM.

Respectfully submitted,
Judie Feins
